

## Week 1

### **VTEC 61**

#### **S.U.D. Green City 52**

Right from the get-go this was a fast paced game with both teams putting up quick points. VTEC had 6 out of the 8 guys scoring early but couldn't connect from long range while Green City was scoring consistently. Reath Pan and Tut Wale attacked the lane and hit some jumpers to secure a lead at the end of the first half. VTEC settled down and worked the post to set up outside jumpers. A strong inside game teamed with hot outside shooting brought VTEC back in the game. Brian Wohl hit 4 big 3's in the final six minutes of the game and VTEC never looked back.

### **Pretty Boy All-Stars 65**

#### **Red Bulls 46**

This was one sided from the beginning but didn't break open until the second half. The Red Bulls kept the game around 6 points early and hung around with a couple scoring spurts. In the end the Pretty Boy All-Stars were too much with outside jumpers and offensive rebounds.

The Red Bulls I'm sure will produce much better games, letting some fatigue and turnovers seal the victory for the other team.
